Education

Siddhartha Institute of Technology and Sciences **Sep 2023 – Expected May 2027**
Bachelor of Technology in Computer Science and Engineering (Data Science) *Hyderabad, India*
CGPA: 8.17 / 10.0

Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems, Operating Systems, Computer Networks, Software Engineering

Technical Skills

Languages: Java, Python, SQL
Backend Frameworks: Spring Boot, RESTful APIs
Databases & Caching: PostgreSQL, Redis, MySQL
Testing: JUnit 5
Tools: Git, GitHub, Maven, Docker, Postman

Projects

XP Engine — Gamification Backend | *Java 21, Spring Boot, PostgreSQL, Redis, Docker, JDBC, JUnit 5* **GitHub**

- Built a REST backend for XP awards, daily streaks, and leaderboards using **PostgreSQL as the source of truth** and **Redis as a rebuildable leaderboard cache**.
- Implemented **idempotent event processing and concurrency control** using Redis `SET NX`, PostgreSQL unique constraints, transactions, and row-level locking; verified with **50 parallel retries/events** and crash-recovery tests.
- Benchmarked rank lookup across **1M+ users**, measuring **1.54 ms Redis p50 vs. 31.18 ms PostgreSQL p50 (∼20.3× faster)** and **2.25 ms vs. 38.24 ms p99**.
- Load-tested the API with **50 VUs and 110K+ requests**, achieving **∼918 req/s, 57.6 ms p95 latency, and 0% HTTP failures** in a local environment.

Java Image Crawler | *Java 17, JSoup, HTTP Client, Maven* **GitHub**

- Developed a Java image crawler using **HttpClient** and **JSoup** to fetch a page, parse HTML, and resolve image URLs.
- Downloaded images concurrently with a fixed **5-thread executor**, saving them to local storage.

Achievements

2nd Place, Best Project Award – *SITS Campus Training Program* **Aug 2026**

- Led a 3-member team to 2nd place among about 40 teams (120 participants) with a startup funding dashboard, deployed on Vercel (live demo).
- Cleaned 507 raw records into 500 validated deals, resolving duplicates, invalid negatives, and unparseable dates; documented 59 issues in a data-quality log.

Publications

[1] "Startup Financial Funding Trends and Investment Insights" – *International Journal of Data Science and IoT Management System*, Vol. 5, No. 3, pp. 1411–1417, Sep 2026 (co-author)

[2] "The Smart Property Risk Detection" – *International Research Journal of Modernization in Engineering, Technology and Science*, Vol. 7, Issue 7, Jul 2025 (first author)

Certifications

HackerRank Problem-Solving – *HackerRank* **Jun 2026**
AI Fluency for Students – *Anthropic* **Jul 2026**

Leadership & Extracurricular

Health Initiative Coordinator **Aug 2025**
Siddhartha Institute of Technology and Sciences *Hyderabad, India*

- Co-led a 3-day on-campus health initiative, coordinating 7 volunteers and event operations; facilitated 300+ blood donations and health screenings for 800+ attendees through blood tests and BMI assessments.
